IT Support Specialist & Junior System Administrator with extensive experience in managing 19+ branch locations, encompassing end-to-end network deployment (VLAN/QoS/Load Balancing) and centralized helpdesk automation. Proven expertise in **IT Asset Management** by maintaining 2,000+ validated items and serving as a **Google Workspace Super Admin** to manage high-level Identity & Access (IAM). Dedicated to streamlining technical support and office operations to ensure scalable, high-availability systems that support rapid business growth.

EDUCATION

PERWIRA UNIVERSITY OF PURBALINGGA

Bachelor's Degree in Informatics / Computer Science

GPA: 3.83 / 4.00

Purbalingga

2019-2023

EXPERIENCE

DAMESSA FAMILY DENTAL CARE (PT. DIAN BAYU TRIBUANA)

IT Support Specialist

Kota Bekasi

2024 -2025

- **Managed 50+ support tickets monthly with 95% SLA compliance**, Reduced average ticket resolution time from 4 hours to 1 hours average.
- **Provided IT support for 80+ end-users across 19 branch locations**, encompassing helpdesk services, hardware/software troubleshooting, and management of network, internet, printers, CCTV, and office peripherals.
- Successfully **managed and maintained company assets** by architecting a digital database for **2,000+ IT items** in Notion, ensuring 100% transparency in asset recording and tracking.
- **Supported data-driven activities** through large-scale data cleaning and validation of 2,000+ assets, establishing granular categories and unique IDs to eliminate irrelevant data.
- Managed the **IT procurement process and vendor relations**, aligning with **General Affairs** objectives to ensure consistency and budget efficiency across 19 branch locations.
- **Led the end-to-end planning and implementation of new network installations across multiple branches**, including ISP coordination, hardware procurement, and onsite configuration
- Centralized IT support workflows by building an internal ticketing system, **migrating 80% of support requests** from WhatsApp to a formal platform and **boosting team coordination efficiency by 75%**.
- Managed end-to-end **user administration and identity access** as a Google Workspace Super Admin, ensuring secure and seamless access for 80+ employees. Served as the **authorized custodian** for critical infrastructure (VPS & WordPress) and social media assets, maintaining strict control over corporate digital credentials.
- **Developed IT standardization for company operations** (PCs, laptops, monitors, keyboards, switches, and other devices) to ensure consistency, efficiency, and easier maintenance.
- Managed the IT procurement process, vendor relations, and supported management with budget planning and payment lifecycle for all company software subscriptions.
